

Investment Policy Statement

This Investment Policy Statement summarizes your risk tolerance and investment objective based on the information you provided to us in the Risk Profile Questionnaire.

Risk Profile:

Investment Objective:

ACKNOWLEDGEMENT

- I have carefully read and understood this Investment Policy Statement which corresponds to my preferred underlying fund for my variable life products based on the Risk Profile Questionnaire I answered.
- I understand that I am buying a variable life insurance product and that the principal earnings are not guaranteed and that the value of my unit investment may go up or down depending on the performance of the underlying funds.
- I understand that the underlying funds will be invested in equities and/or bonds or a combination thereof, and will be subject to changes in market conditions.
- The underlying funds and the risks that they bear have been thoroughly discussed with me, and I have made my Premium Allocation decision based on my judgement of and tolerance for these risks.
- I understand that this product is appropriate for a long -term investment horizon.

☐ Client Waiver for Risk Reclassification (For Clients Investing in Products with Different Risks)

I hereby waive the results of my risk profile assessment, and have decided to invest instead in another investment fund, or a combination of investment funds which has/have a different risk than what my risk profile has indicated. I take full responsibility for my decision. I completely understand that I may be taking more risks and expressly assume such risks. I hold Troo¹, its directors, officers, employees, distributors and successors -in-interest free and harmless from any and all claims, demands, causes of action etc. that may arise from my own decision.
