GENERAL ASSESSMENT

Question	A	B	C	D	Your Answer
1. How long will you keep your money invested?	Short-term (1 to 2 years)	Medium-term (3 to 5 years)	Long-term (5 to 10 years)	Extended term (more than 10 years)	
2. What is your goal in investing?	Modest gains and strictly no losses	Earn higher than normal bank deposits but also accept the possibility of minimal losses	Achieve long-term growth but also accept the possibility of losses	Maximize gains by taking full advantage of the market situation but accept the possibility of substantial losses	
3. What is your knowledge and experience in investing?	Minimal (deposits, money market funds or bond funds with maturities of less than one year)*	Modest (money market funds, bonds, and other fixed interest instruments with maturities greater than one year)	Moderate (investment funds with equity exposure or direct investment in listed bonds and stocks)	Experienced (domestic and foreign stocks, bonds and funds, exposure to foreign currencies)	
4. How much money from your available / extra funds are you willing to invest?	Around up to 10%	Around 10% to 40%	Around 40% to 60%	More than 60%	
5. How would you feel if the value of your investment declines?	I'll be very disappointed. I will most likely pull out my investments.*	I'll be a little worried. I would want my investments to recover as soon as possible.	It's normal for the market to move this way, so I won't be too concerned.	This is the right time to invest more at a lower price, and that excites me.	
6. How big a decline on your investments are you comfortable with?	More than 30%	Between 15 to 30%	Between 5 to 15%	Up to 5%

Risk Profile:

Investment Objective:

Understanding your profile:

Conservative - You are most interested in protecting the value of your investment and you are satisfied with earnings from ordinary bank deposit products. You would not take a chance with risk and the possibility of earning more than deposits.
(Recommended Funds: Bond)

Moderately Conservative - You want to protect the value of your investments but you would be happy to find better earning products compared to ordinary bank deposits. You are comfortable with modest fluctuations in the value of investments to achieve modest level of potential return. (Recommended Funds: Bond)

Moderate - You would like to make your investment earn more than the deposit products and would be open to some medium-term market fluctuations to achieve this. You do not have an immediate need for your invested money, however you are not ready to commit a large percentage of your money to heavy market value fluctuations as with equities or shares of stocks of public companies.
(Recommended Funds: Bond, Balanced)

Moderately Aggressive - Based on your score, you are interested to maximize the earning capacity of your investment with a long-term view of the market and you do not have any immediate need for your invested money. You are updated with the current market conditions and you are willing to enter the market for long-term capital growth (Recommended Funds: Bond, Balanced, Equity, Asian Equity)

Aggressive - Based on your score, you are interested to maximize the earning capacity of your investment with a long-term view of the market and you do not have any immediate need for your invested money. You are updated with the current market conditions and you are eager and prepared to enter the market for maximum potential return coupled with maximized risk. (Recommended Funds: Bond, Balanced, Equity, Asian Equity)
